ContractWorks Tops G2 Crowd List for Contract Management Software

ContractWorks recognized as the number one provider contract management software based on user satisfaction.

Santa Barbara, CA, February 7th, 2019 – ContractWorks, a user-friendly, secure, and affordable contract management software tops the list of 18 contract management software providers based on user satisfaction ratings collected from peer-to-peer, business solutions review platform G2 Crowd.

With an average satisfaction score of 94% (based on three categories), ContractWorks continues to excels, earning far above the industry average of 83%. ContractWorks user satisfaction ratings included 95% for Ease of Use, 92% for Meets Requirements, and 96% for Ease of Doing Business. Top industries represented in the G2 survey include hospital and health care, medical devices, consumer goods, and computer software.

"We pride ourselves on listening to our customers and always making sure our innovative spirit aligns with their needs and wants," said Will Reynolds, CEO at ContractWorks. "It's inspiring to see how much our clients value our hard work and customer-focused product development."

ContractWorks continues to be a leader in fast, simple, and affordable contract management software. By offering a scalable and ever-evolving solution, ContractWorks provides agile and efficient contract management software that lets business get up and running quickly and easily. About ContractWorks

ContractWorks, by SecureDocs, Inc., provides contract management software that focuses on usability and a simple user interface. ContractWorks offers a comprehensive feature set for companies that are keen to move away from managing contracts manually, tracking details on Excel, or struggling with an existing contract management process that's too complicated or too expensive. Located in Santa Barbara, California, and created by the engineers and team who helped develop well-known products like GoToMeeting, GoToMyPC, AppFolio, and Rightscale, SecureDocs, Inc. is dedicated to building software solutions that are highly secure, easily adopted, and affordable for any type or size of business.
